Dear George:

We have been called upon to do some repair work on System One equipment already and I anticipate that there will be a considerable amount of this before we are done. It appears rather awkward to cover this type of expense on a Cost Plus Fixed Fee basis and it would seem to me that we should arrange a time and material basis to cover this work. Would this be a satisfactory arrangement with you and would a separate contract be required to cover such work? If this seems like the proper basis to you, we will prepare such a proposal and forward it to you.

Sincerely,

*Bob*
